Subject: ASCE - HB 1900 ~ Engineer Continuing Education

Please see the email below from our lobbyist, Roman Daniels-Brown, regarding HB 1900. At present, it is scheduled for consideration by the Senate's Labor, Commerce & Consumer Protection Committee this Thursday. If you have not done so already, please contact your senator and urge him/her to support HB 1900. This is all the more necessary if your senator is a member of the committee

(<http://www.leg.wa.gov/Senate/Committees/LCCP/Pages/MembersStaff.aspx>).

Thanks,

Larry

Subject: Bills Scheduled for Executive Session - Thursday

Pat, Larry and Gordon (please forward to Gordon)

It was great meeting all of you today. ASCE and the other engineers in this state need to give you a big thank you for your efforts today. I was very pleased with not only your testimonies in committee but in your positive interactions with the legislators we met with. It made a huge difference and helps our efforts a great deal. You will be pleased to know that Chair Kohl-Wells has added the bill to Thursday's executive session (agenda below). There is still work to do to make sure it stays on the agenda and has the necessary votes but your presence today put us in a stronger position going forward. Of course, your continued efforts in energizing other engineers to contact their legislators and your additional contacts to your legislators will assist us even more so don't rest yet!

Again, thank you for your efforts. We will continue to push this important legislation along.

Sincerely,

Roman
